OVERVIEW OF ACTIVITIES

Members of the Board of Respiratory Care are appointed to serve in a voluntary capacity. The Board members are selected from various regions of the state and are practiced in home care and acute care. The Board is composed of five therapists; one physician and one lay member. The composition of the Board provides a knowledge base to insure the public that all facets of respiratory care are represented.

The West Virginia Board of Respiratory Care is an active participant in meetings across the state and national level. Their participation in these meetings addresses the areas of licensing, professional regulation, standards of care, clinical practice guidelines and overall changes to the healthcare delivery system. Members serve on committees at the state and national level with agencies involved in licensing, examination, education and quality healthcare. Several members of the board attend and are active in the American Association of Respiratory Care with a nationwide voting capacity of over 49,000 members. With involvement, the West Virginia Board of Respiratory Care and licensed practitioners in the State of West Virginia are abreast of national issues facing the current and future delivery of respiratory care services.

The Board also participates in the in the National Board of Respiratory Care's Disciplinary Database which is a national database of final disciplinary actions taken against respiratory care practitioners in all licensure states.

Respiratory practitioners holding a license to practice in the State of West Virginia are categorized into associates, certified therapists and registered therapists. As of June 30, 2010, the West Virginia Board of Respiratory Care maintained a total of

1,516 active licenses, 66 inactive licenses, and 23 active student permit practitioners in its database.

The board continues to recognize the National Board of Respiratory Care's examination as the criteria for licensing respiratory therapists in West Virginia. This national examination provides for interstate endorsement of licensees without further testing. The national examination is computerized and is offered to graduating students at more than 100 testing locations nationally. The West Virginia Board of Respiratory Care issues a license to practice when an applicant completes the educational requirements by being a graduate of a school of respiratory care and by passing at minimum the entry level examination, and payment of appropriate fees. All applications are verified with the National Board of Respiratory Care Disciplinary Database prior to final license approval.

BOARD MINUTES

Joe Manchin, III
Governor

DATE: September 16, 2009
PRESIDING: Jack Wilson
Present: Jack Wilson, Carol Colasessano, Eric Hawkins, Tracy Matthews, Bill Boring, Jane Antulov

The WVBORC met on September 16 2009 @ 11:00 am in the board conference room. Eric Hawkins made a motion to approve the minutes from the March 17, 2009 meeting. Janie Antulov seconded.

MEETING REVIEW, AARC CONFERENCE

A review of the AARC conference was given by Eric Hawkins. He stated it was a good conference. Areas of concern to our profession were the increasing number of Respiratory Care Managers that are nearing retirement. Also, there is an awareness of the importance of changes in culture by patients and physicians alike that our profession is dealing with.

ADMINISTRATIVE REVIEW

Nancy gave this report. Her salary increase was granted. A request was made to keep appropriations the same as last year. P-Card purchases are enclosed in these minutes. Janie made a motion to approve P-Card Purchases, Tracy seconded. Nancy also gave a report on License Activity, and Budget review which is also included in these minutes.

REQUEST FOR BOARD POSITION

Megan Dahmer sent a request for Board position on whether or not a LRT is permitted to administer medications for a Pulmonary Stress Test. Discussion ensued, and it was determined that this is within the scope of our practice. Each facility would be responsible to check the LRT for proficiency and would make sure a medical doctor is on standby. Bill made a motion to accept the Board's position on Ms. Dahmer's question, Janie seconded.

The next item for Board position came from Janie. She received an E-mail regarding a Radiology issue. CMS was visiting a facility in Nebraska, and saw a Radiology Tech changing an O2 on a patient from one flowmeter to another. CMS wanted to know what training the tech had to perform this change. CMS told them they could no longer do this. The hospital challenged CMS. Discussion ensued, and the general consensus of the Board was it was up to the individual facility to determine how they would handle this. Janie made a motion to approve X-Ray tech being able to transfer simple O2 modalities from one flowmeter to another. Tracy seconded.

Nancy addressed the next concern. She sends a notice for license renewals yearly. There was a misinterpretation on some employer's part that they had to wait until January 2010 to verify a licensee's renewal. Concern was raised that is CMS or JACHO were to inquire about this, and there was a period over the New Year holiday in which the Board was not available to be contacted for licensee verification that could pose a problem. Nancy verified this saying she is in contact with all department heads and

employers, and keeps them notified as renewal are processed. An issue date was also added to our on line verification as a JACHO requirement. Janie made a motion to maintain changes that Nancy made to our website for information available to facilities for on-line verifications of licensees. Carol seconded. The First Responder issue was brought up again. The Board of Medicine, Nursing Board and other Boards are already opened there data bases to this agency. Tracy said he would talk to these Boards to see what, if any, security systems are in place. Janie made a motion to allow First Responders access to our website for information, the same that is available to the general public, Janie seconded. At this point, the question was posed, where is our data base backed up? Everything is in the Board office, and this could be a problem if there were to be a fire. Bill made a suggestion that we purchase a fireproof safe that could be bolted down, in the Board Office. Janie made a motion that Nancy purchase a fireproof safe, that could used for storing back up data base information, Eric seconded. Chuck Menders submitted a question of PFT testing being done by non-licensed Respiratory Care personnel. Previous inquiries have been addressed by the Board. It was determined that we do not regulate practice of PFT personnel; however, the Board strongly recommended that personnel should have NIOSH training, of some type of certification. It is out of our jurisdiction. Janie made a motion that Nancy sends Mr. Mender a notification of response from the Board that we maintain our previous position on this matter. Bill seconded.

Janie made a motion to go into Executive Session, Eric seconded.

REPORT OF DISCIPLINARY CASES/MOTIONS FROM EXECUTIVE SESSION

Case 08-725: Attempts were made to contact person @ both addresses and phone numbers. Janie made a motion to send a certified letter to all known addresses and phone numbers notifying person that they are in violation of consent order and give them until the end of September to respond. Carol seconded, and Tracey recused himself.

Case 09-69: Tracy made a motion to further investigate this case and report back to the Board @ our next meeting, Bill seconded.

09-511: Tracy made a motion for Janie to further investigate this case, and report findings at the next scheduled Board Meeting, Carol seconded.

AARC SURVEY QUESTION REGARDING BRPT

A letter was received from the BPRT asking the WVBORC to accept them as a testing body. The board voted to assign a committee consisting of Bill and Tracy to review this study and report back to the Board next meeting.

ELECTION OF BOARD OFFICERS

New officers are elected every year. Jack's term is up in June of 2010. Bill Suggested Jack stay in his position until that time. Tracy made a motion that Jack remain as Chairperson until the end of June 2010. All were in favor. Bill will serve as vice chair until that time, and then he and Janie will co-chair. Carol will continue to serve as recording secretary

NEW BUSINESS

Tracy, Bill, Jack and Janie expressed interest in attending the AARC conference in San Antonio in December. They will keep in contact with Nancy about this.

Discussion ensued about the Investigative Training Meeting in Anchorage, Alaska. It was suggested that at least 2 people try to attend this meeting, that way we have two people that can split the duties if need be.

Tracy, Eric and Janie are interested in this training. They will keep in touch with Nancy about this.

With there being no further Business, the meeting was adjourned @ 2:45 pm.

Respectfully submitted
